**Objet** : Placing on the market PPE EMAK

Dear Ms Lang et M. Vandelli

The Notified Body APAVE SUDEUROPE confirms that the manufacturer "article 12" EMAK has a contract for the annual control of production of their PPE in accordance with the module D of the PPE Regulation n° 425/2016. The last audit "Module D" performed in 2019 has been conducted successfully by APAVE SUDEUROPE.

The UE Type examination certificate of ENERGY Trousers (references 3155090, 091, 092, 093 and 094 / 3255062, 063, 064, 065 and 066) is 0075/676/162/09/18/1860 and this certificate has been established by the CTC.

The notified body initially selected for the assessment of quality system of PPE production according to module D was LRQA, n°0088. It is a British notified body. Due to BREXIT, this manufacturer has decided to stop providing this service. That is why, EMAK had decided to work with APAVE, notified body n°0082, for the assessment of quality system of PPE production according to module D.

On the certificate "Module D n° 0082/676/D/06/19/0062 from APAVE, there is an Appendix with the reference of EMAK garments. »

All the previous 11B controls have been conducted successfully every years by APAVE SUDEUROPE

APAVE SUDEUROPE (notified body n° 0082) confirms that in accordance with the European rules and the PPE regulation, the manufacturer is authorized to change the notify body for the annual control of production. In this case the UE Type examination certificate remains valid.

Best regards

PPE Technical Manager  
**Nicolas ROSENBERGER**
